WORTHY PARK OVERPROOF

Worthy Park Overproof is a celebration of the island's spirit, capturing the true essence of Jamaica in every bottle. Notable for being the first Jamaican overproof rum crafted from a blend of both molasses and cane juice distillates. This innovative approach marks a significant departure from traditional Jamaican rum production, which typically relies solely on molasses. A bold and robust blend of five different unaged rum marks, our Overproof delivers an explosion of flavors and offers an authentic taste of the Caribbean like no other.
